Dedicated To The Class Of 1982

Through it all

*we've made our way,
first to work
and then to play.
Because of this
we've had our fun
trying to make friends
with everyone.
To whom it may concern
in later years,
we made our mark
despite our fears.
Our friendship together
may never end,
always together
forever friends.*

Juniors Clash

For the Homecoming Week Festivities, the Junior class chose "Clash Day" to represent them. A lot of students got into the action with eye-catching outfits such as red/purple striped pants, an orange shirt, and a pair of pink tennis shoes. For a day Shelton High must have seemed very color-blind to the rest of the world.

The Class of '83 got along well this year with a little bit different kind of government. Different than in previous years, because it was all "female". Tammy Bernert was elected the first female president in three years. And considering there was no class advisor to help them out, the class officers really did their job . . . AND THEN SOME!

It's been said, "The Junior year is the BEST year in high school." The reason being because juniors could still boss around the freshmen and sophomores and then not have to worry about all the graduation hassles seniors are faced with. But the Juniors not only proved that they could be successful Juniors of '82, they have also shown they'd make EXCELLENT SENIORS OF '83!

Go Shelton, Go Juniors

During the 1st assembly of the year, the Juniors, with the loudest "Two Bits", won the Spirit Trophy. It was debatable, though, on whether class competition would be allowed in future assemblies. The students would get so rowdy that they'd stomp on the bleachers to add extra noise with danger of them collapsing. Another concern was that the students needed to be more unified for "Shelton High" as a whole, not just their own classes. With each class competing against each other at assemblies they tended to forget that the cheer is really, "... all for SHELTON stand up and holler!"

These Juniors Are Different

(above) In the morning it wasn't uncommon to see a bunch of junior guys squished around a table in the sub. Most likely they were planning strategies for next year's freshman initiation. But then again, they may have been bragging about their "good" grades in Wentz's class, or their new "mag" wheels. Well, whatever they were doing, these weren't just the "average" junior guys. (left) Camara-happy Carmen tries to get a candid and the joke's on her!

Sophomore class officers: Left to Right: Heidi Anderson-Senator, Sterling Stock-Vice-President, Paul Govel-Treasurer, Kirsten Robinson-Senator, Below: Lori Pruter-Secretary, Susi Fuller-Senator, Mark Soper-President, and Advisor-Mr. Pete Janda.

The Sophomore class was very active this year. They selected class rings and class colors. They also spent a lot of time raising funds by running the girls basketball concessions and also the little league concessions in the summer. They were also involved in cake raffles and car washes. It seems very apparent that this is a class that believes in student involvement and achievement.

The Sophomore class would like to thank Mr. Pete Janda for the outstanding job he had done in aiding the class this year. He has been a most valuable asset to the class.

North Star Opinions

When asked what they thought about the North Star Project, there were a couple of different opinions from various Freshmen. One said he had looked forward to mingling with the other classes. A couple of others voiced that they enjoyed it because it gave them the opportunity to get closer to their fellow freshmen classmates, and form lasting relationships to continue on through high school.

It seems the opinions vary from like to dislike with many who are indifferent. The only way to see if the North Star Program really works is to wait until the Graduation of '85.

Continuity Continues

The Social Studies Department was really diverse this year. It included the following sections: R.O.T.C., Career Education, and the Learning Resources Center—otherwise known as the library. Teachers seemed to come and go with the seasons, . . . Mrs. Clawson left at the end of second trimester to get married.

The students appreciated a more concise department this year. The teachers seemed to be teaching the same subjects at the same time. This cut down on the so-called easy classes. Everyone did the same thing at the same time. Thanks alot, teachers!!!!!! the students really appreciated your concern this year.

Model trains? Antique cars? What do these things have in common? They are hobbies of our administration members. They come from many varied backgrounds and are interesting despite what the students think.

Mrs. Jerrells and Mrs. Thorstrom are from California. Mr. Shaw is from Colorado, and Mr. Ross grew up in Ellensburg. Mr. Cain spent his early years in West Virginia.

Their hobbies range from fishing to antique cars to sailing to building furniture. Dancing, sewing, and model railroad clubs are also among favorite pastimes.

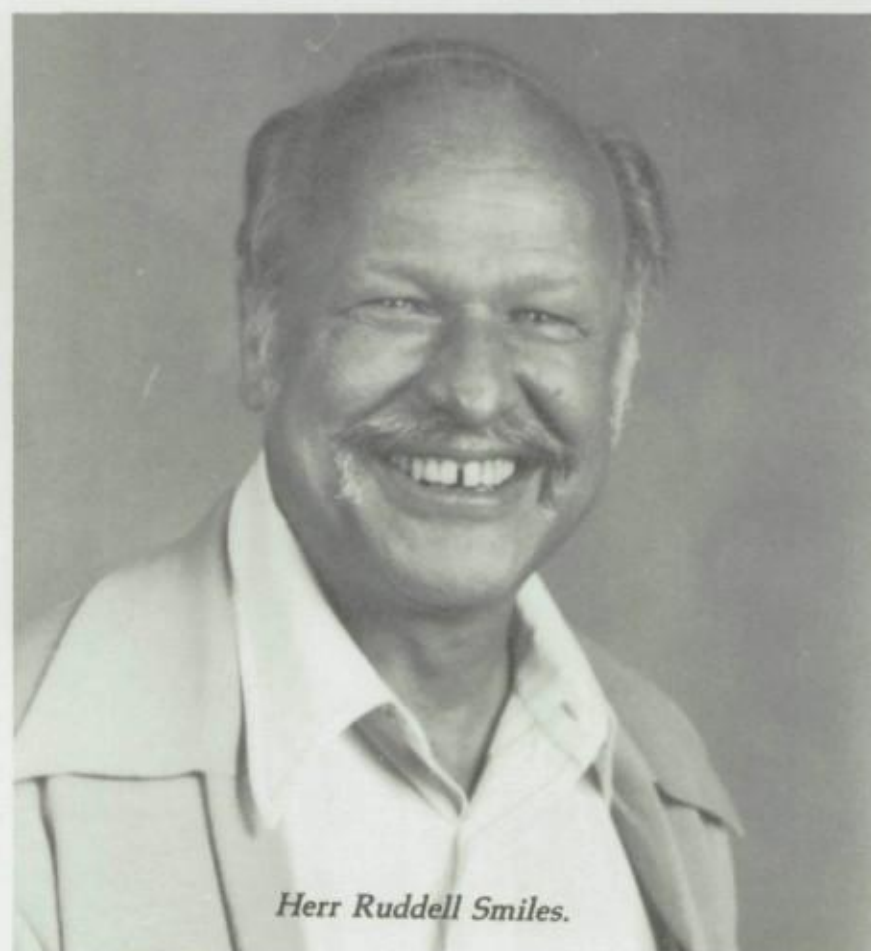

Administrators like to do fun things just like us regular folks and for this article, the theme is, "Everybody's doing Everything!"

PE . . . All Play??

PE was a required class for freshmen and sophomores. But with fewer classes offered to upper classmen due to cutbacks, there were also many juniors and seniors enrolled in PE classes.

What actually went on in PE? Well, anything from learning the fundamentals of football from Coach White to the techniques of self-defense from Ms. Johnson. With each new mester, students chose one of usually about five teachers, each offering a variety of activities based on 4-week intervals.

But don't get fooled. PE was not all play. There is actually work involved in getting a good grade. Every day each class started off with callisthenics; jumping jacks, toe-touches, grunts, pushups, and sit-ups. And your best was expected through-out the hour.

At the beginning and end of each mester, push-up and sit-up tests were given to check improvement. And in most cases there was improvement! Kids were more in shape.

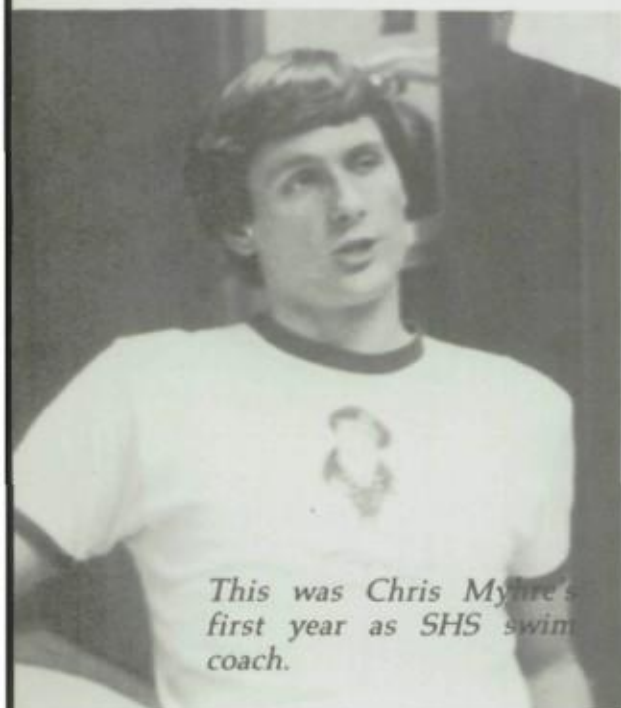

All in all, PE can really be a nice break from the overwhelming academic work in other classes.

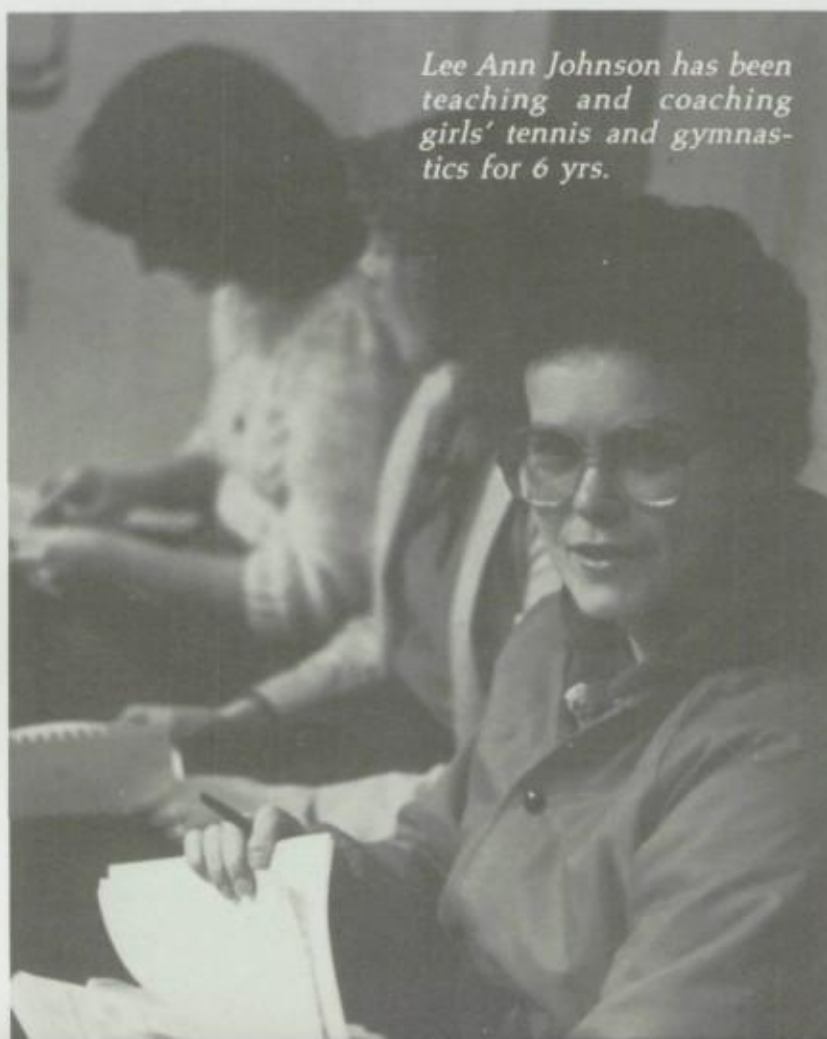

Helen Miller, P.E. teacher at Shelton for 5 yrs., is also asst. girls' volleyball and track coach.

Jack Stark has both taught P.E. and head-coached football for 12 yrs.

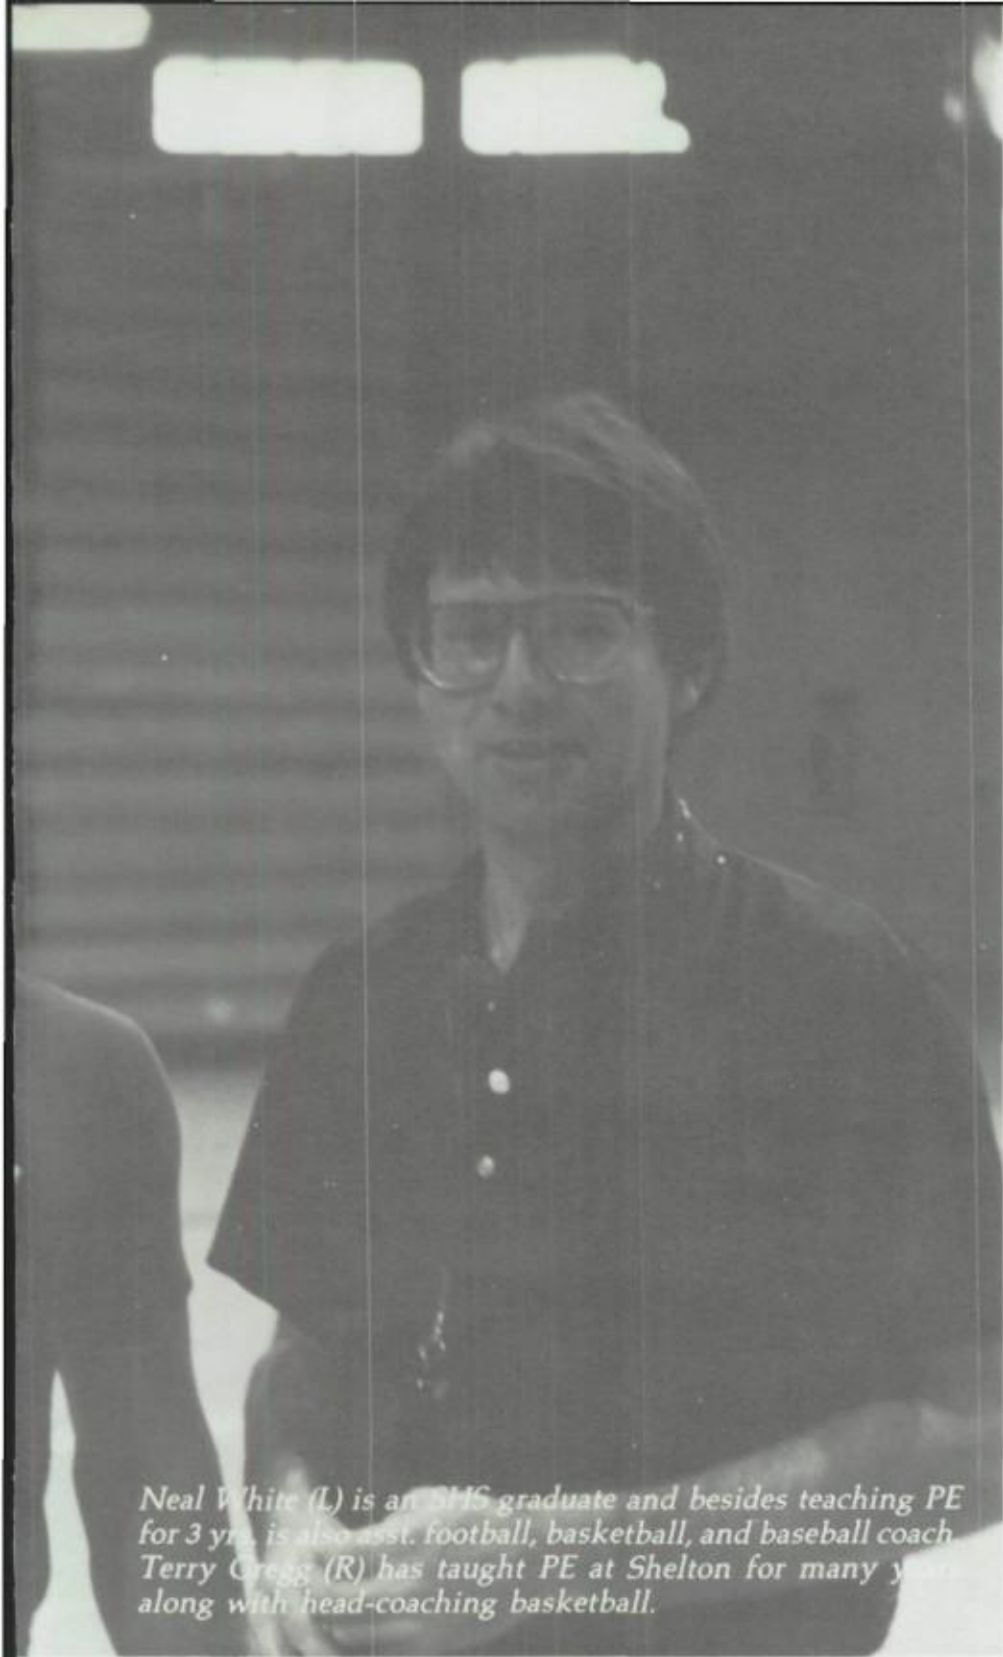

This was Chris Myhre's first year as SHS swim coach.

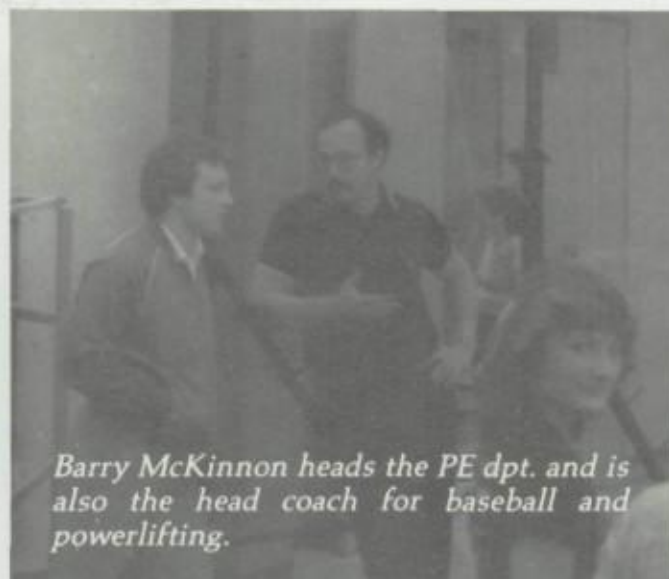

Lee Ann Johnson has been teaching and coaching girls' tennis and gymnastics for 6 yrs.

Neal White (L) is an SHS graduate and besides teaching PE for 3 yrs. is also asst. football, basketball, and baseball coach. Terry Gregg (R) has taught PE at Shelton for many years along with head-coaching basketball.

Barry McKinnon heads the PE dpt. and is also the head coach for baseball and powerlifting.

Drivers Ed Sports New Machines

DRIVING ANYONE? It's not like it used to be. Well, at least not *exactly* how it used to be in the Driver's Ed department.

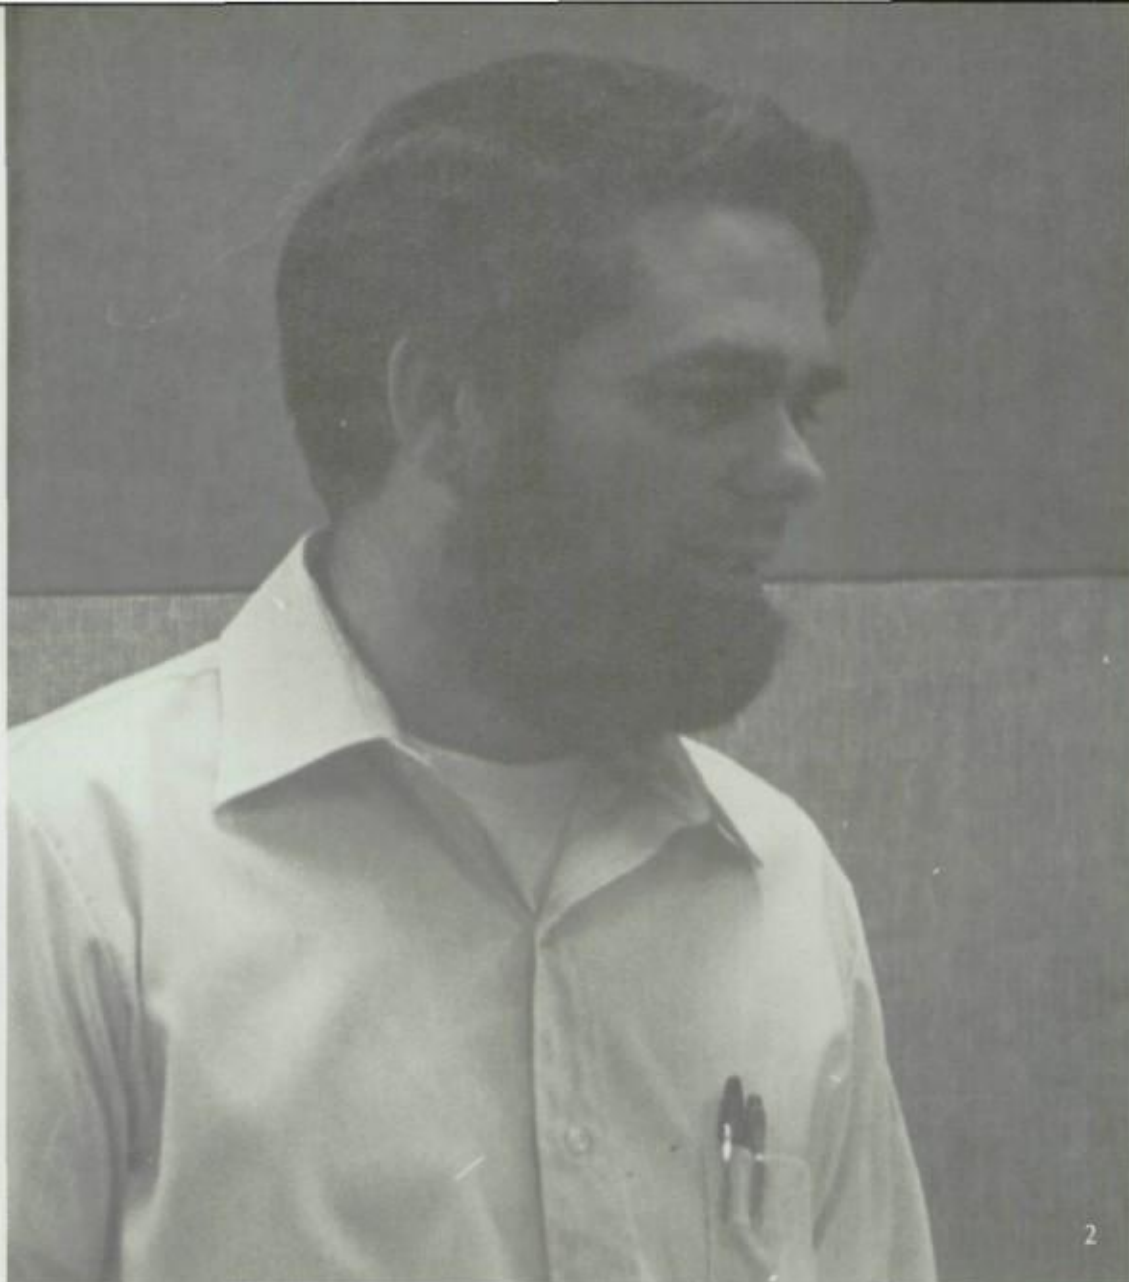

1. Hey, ya want a ride, baby?
2. All right! A woman and child; 10 points!

There are some new additions to the program, 16 of them to be exact. These new additions, or simulators, were purchased from the Anaheim School District in California. "They mainly help the inexperienced driver," says Driver Ed teacher, Brian Brickert. The student was still required to do modules as in previous years, but after a module was completed they'd move on to the simulator. These machines would depict certain incidents a driver might run into and the student had to react accordingly.

The only downfall of this year's program was that the students didn't get an opportunity to do as much actual driving as before. With only one car available, the students were more limited to modules and simulators.

1. "Mr. Garland, do you think that I really believe that?"
2. "Mr. Bamford, who recited the Gettysburg Address?"
3. "Mrs. Looney, there's a rose in my typewriter!"

Cratsenberg shows ya how!

Cratsenberg Takes Time . . .

Not Just Timed Writes

Sharon Cratsenberg graduated from Wilson High School in Tacoma and from the University of Washington. This was her first year teaching at Shelton High, and her main teaching area was typing. She also, however, taught World History, US History, Psychology, and Sociology, one time or another during the year.

Mrs. Cratsenberg was a favorite among many students. Her **genial personality** and **positive attitude** made it easy for students to get acquainted with her and really enjoy her classes. It didn't matter who it was she always took the time to be a teacherfriend. Mrs. Cratsenberg gives teachers a **good name**.

Home Economics

Home Ec is part of the Business Dpt. and includes classes such as: Foods, Clothing, Home Furnishings, Home and Family Life, and Child Development.

The teachers involved in teaching Home Ec are: (above) Mrs. Heinold and (right) Nancy Wells.

Anderson Takes Command

Fine Arts Splits

The Fine Arts Department, which includes mainly Drama and Music, was headed by Don Anderson. Although this was his first year teaching drama at the High School, he has had years of experience. While employed 14 years as principal of the Shelton Middle School, Mr. Anderson helped produce a number of plays for Shelton. This year he directed the major production *Oklahoma!* and did a very fine job.

Another department closely related to Fine Arts is the Foreign Language Department, headed by Clyde Ruddell. Mr. Ruddell has taught German at Shelton for 31 years and is inevitably very qualified. Mr. Ruddell supervised the teaching of the German, Spanish, and French Classes.

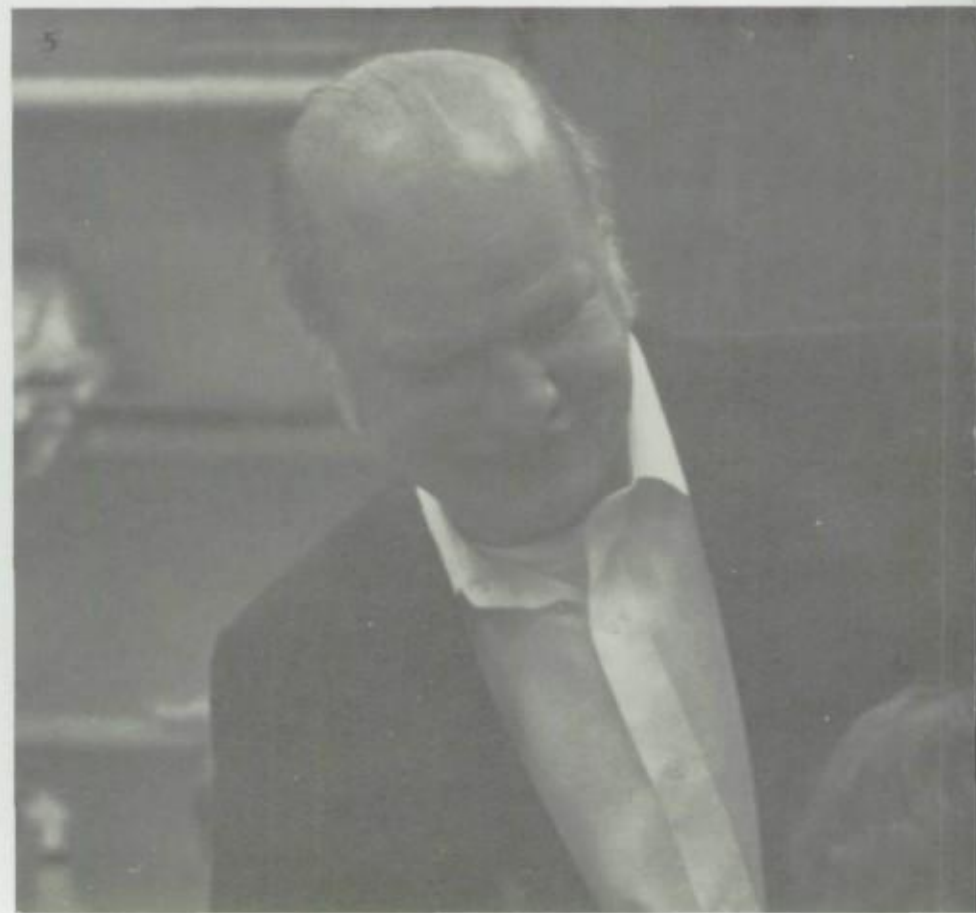

1. (Mrs. Rogers) Another one of those nights?

2. (Mr. Anderson) CUT!! please?

Industrial Arts- Vocational

This department is geared towards training students for careers after high school, either as preparation for college courses involving a vocation, or for entering the field after high school. The Industrial Arts classes are one hour classes that give the student experience in the fundamentals of drafting, wood and metal shops, and crafts. The Vocational Trades classes are more extensive, being two-three hours long, and give training in areas such as auto-mechanics, carpentry, and nursing.

1. A metal shop project in the making.
2. Are you sure you know what you're doing?
3. A future woodworker.
4. The carpentry project on its way to completion.

8. The model of the real thing.
9. The carpentry class in all of its glory.

This year the carpentry class has built a passive solar-heated house on Highway 3. Mr. Tedford and his class deserve fine recognition for their accomplishment.

Mrs. Ulrich's nurse's aide class has worked in the convalescent center and in the hospital, and should be congratulated for their efforts.

Yearbook Fights Red Tape

To most, the yearbook is a collection of the entire year crammed into 180 pages to remember for the rest of one's life. But to others, it is an accomplishment that takes heavy strides to meet. In this particular school year, finances were the staff's major obstacle. Before they could even attempt to raise money for the current *Saghalie*, a deficit of approximately \$9,000 had to be paid from debts of previous years, so cutbacks were made, and a new outlook was set forth. Participation was the key. And as it is well known to be, group effort is hard to find. But it seems that if the group has an advisor such as Mr. Peterson, results do appear. The yearbook staff is a special selection of people that have quite a challenging purpose to meet. Their actions are appreciated by all.

The yearbook staff meets their goal.

Drill Team Adds Flair

Drill team performed at assemblies, such as the Spirit Week assembly, where they performed their well-enjoyed dance routine to "Rockin' in Paradise". They performed at most pep assemblies and sports activities. Including half time entertainment at a St. Martins basketball game. In the spring they participate in State competition which is held in Richmond. They also march in several parades, including Forest Festival.

Senate/ASB Speaks Up!

Senate is the students way of accomplishing things on the campus of S.H.S. Mainly club activities such as dances and sales are brought to the Senate to be discussed and acted upon. Occasionally major decisions must be made, which shows that the student body does have some control over our school.

The A.S.B. pushed hard for open campus this year again and also brought about Grub Tolo and Grub week, which will hopefully become a tradition. A.S.B. also rocked the S.U.B. with a collection of music during the luches.

F.C.A. Reaches OUT

F.C.A. (Fellowship of Christian Athletes) is an interdenominational Christian out-reach program. It is designed to teach the basics of Christian Faith. Their goal is to reach people with Gospel and share Christian love and faith. They gather every Thursday evening at various members houses. FCA was founded in Shelton five years ago by Ace and Barb Bulger. This year the advisor was Mr. Starrett, who, with the members, retreated to the ocean.

Key Club Opens New Doors

This year's Key Club, which is an international service club, and sponsored by Shelton Noontime Kiwanis was very active. Every year they are required to do a single service project for the community. In accordance with this year's motto "Pursue Tomorrows' Potential", they decided to start a science club for the fifth, sixth, and seventh graders, a very successful project. They also had two pancake breakfasts, a car-wash, a Halloween party, and an Easter egg hunt for children up to eight years old.

1981-82 LEAGUE CHAMPIONS

Rifle Team On Target

The Rifle Team concluded it's third winning season in a row. The final matches were held in March with Shelton winning the Northwest Evergreen High-school League Championship!

High point shooter for our team and for the league was David Perkins. Dave, a senior, was the backbone of the team. His consistent high scoring in each match was our major key to success. Other team members who contributed to our winning were Dallas Shawver, Bob Malone, Mark Young, and Scott Chappell. Scott is our most improved shooter this year.

Two Freshman made the varsity team this year. Tami Lester and Brent Adams should be major contributors to our future successes.

Business Club Big On Sales

Business Club was big on fund raisers this year. Their donuts and other sales enabled them to buy typing books, correcting tape and other needed materials for the Business Education classes. The officers and the other fifty-odd members presented a new self-correcting typewriter for the Business Education building. The officers were Lisa Kimball, Tracy Diggle, and Cheryl Bassett. The club president was Debbie Brice.

Indian Club Awareness

The Shelton Indian Education and Culture Club is organized to promote education, tribal government awareness, and inter-tribal cultural sharing for Indian and non-Indian youth. This year the Indian Club had several fried bread sales to raise money for their activities. Members attended the annual Northwest Indian Youth Conference in April.

This self-supportive group is commended for their fine efforts throughout the school year.

"Z" Club

The Z Club has once again left its impressionable mark upon Shelton High, and deserves a standing ovation for their productive year. Their goal was to extend a service to the school and community. According to club president Joy Sherwood, this year was particularly noted for exasperating actions which included a fashion show in September, the annual Powder Puff Football game, parties for the local homes, and Christmas caroling. Mrs. Balding, club advisor, has turned the only Zonta high school chapter in Washington state into a truly promotional and inspirational group. Zorro would be proud of you all!

Their coach, Mrs. Rice, has once again shown the good there is in the Art of Arguments.

A Beautiful Bunch Of Ladies!

A Shocking Story

The Hi-Lead staff have put together a remarkable feat-producing an efficient and consistent newspaper. Mr. Starrett, "Ivan the Terrible", was constantly cracking the whip on those poor beaten souls. Have you ever seen a staff member emerging from the paper office, with the look of being ripped and shredded at the soul? A gruesome sight, indeed. So please receive in gratitude a copy of our Hi-Lead. A good deed will have been done to a grateful worker.

Sky Club Spreads It's Wings And Flies!

People with a dedication to helping others. That was the purpose of this group sponsored by the Kiwanis Club. Their advisor, Mr. Cain, stated that their goal "was to work with handicapped persons in the school and community." They worked very closely with the Special Olympics, Camp Easter Seal, and nursing home patients. Another of their many projects included participating in the annual Dance Marathon.

This community and school service program truly deserves a round of applause.

Lights, Camera Action!

Thespians is the club which sponsors all drama productions. Among their numerous productions, the season eye-opener was the successful "Oklahoma." Other activities included workshops, field trips, and also state competition, which was held in Ellensburg. The advisor, Don Anderson, should be commended for his fine hand in originating a fine, talented group of young actors.

FBLA Club

Future Business Leaders of America is a nationally organized school function to give students an insight into the business world. There are many conferences and workshops that are formed nationwide that were attended by the FBLA members. Various money raisers included: spook insurance, raffle for a "dinner for two", candy sales, Poor Boy sandwiches during lunch, and car washes. With this initiative, leadership was found in all sense of the word.

What A Great Vica-Tory!

VICA, which means Vocational Industries Club of America, is an international organization for students enrolled in vocational trades and industry and health occupations. Members pay a due of \$8.00 per year and are trained for skills used in society—especially in the field of health occupations. They “practice” in areas of Olympia, Shelton, Elma, Aberdeen, and Hoquiam. A free blood pressure clinic was conducted by VICA members at Mason General Hospital from November to May every Wednesday after school as a community service.

Their future is appreciated and approvingly stamped with a sound seal of good merit.

Wrestlin' Gals Break Sweat

The Wrestling Club is unique in that not only do the members sponsor the high school wrestling team, but also on the elementary level. They hosted the concession stands for football, wrestling, and track to fund all of their numerous activities. One of the most memorable events was the pizza-feed held at The Godfather's In Olympia. Mr. Wentz, head slave master, remarked upon how smoothly things ran at the sound of his bark. “Things just seem to start jumping when I’m around,” he said. All those who actively participated, know this to be a fact.

Drama 81-82

Is It Just Acting?

This year Don Anderson—the director— doesn't just teach the people to act. One of his main goals is to enrich the lives of the students through theater art practices and literature. It helps them also learn about responsibility, self dicipline, teamwork, and confidence. Another goal for this year has been to include many students in the plays.

All the participants really enjoy the acting but they aren't the only ones, Don Anderson also enjoys it. He said he loves teaching, especially since the students have been really great. They've worked hard and done well in the productions. Mr. Tarrant has also been an inspiration to him.

This year we had a variety of assemblies: pep, spirit, and award assemblies, all of which helped to promote our school spirit. It also gave the people a break from their everyday routine. But, best of all, the assemblies gave everyone — both teachers and students a chance to get ROWDY!

Almost Anything Went...

The second annual "Almost Anything Goes" assembly was held in early June in the High-climber Stadium. M.C.'s for the event were Mr. "Jake" Phillips and Mr. "Elwood" Starrett, alias the "Blues Brothers".

The events were as follows; the obstacle course won by the sophomores, the clothes-changing relay won by the juniors, and the tug-of-war won by the steel-muscled Senior team.

One of the most exciting events of the day was the balloon-shooting contest. Participants shot water balloons from a sling of rubber tubing and attempted to hit targets in the field, which just happened to be Mr. Clayton, Mr. Cain, Mr. Shaw, and Mr. Ross. The sophomore team won the event with a bullseye shot at Mr. Cain.

The final event of the day was the car-push around the track and the juniors took first place in this.

Overall placings for the assembly were: Junior class first, Sophomore class second, Senior class third, and Freshmen last.

1. The Blues Brothers in person!
2. Curt and Michelle tug for their lives!
3. Seniors aim for Mr. Shaw.

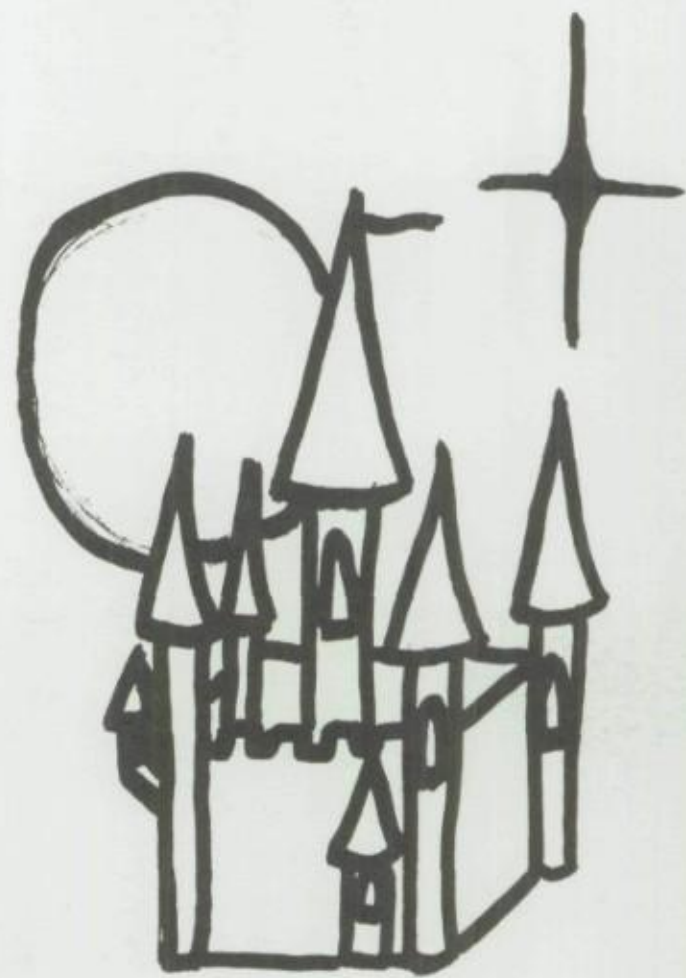

1. Mike helps the juniors win the clothes-changing relay.
2. Sterling aims for Mr. Cain (and he hits him!)
3. Seniors dominate tug-of-war!
4. Kikki flies!
5. Juniors push to victory!

Band

It was a good year for the Stage and Concert/Marching Bands. The Stage Band sponsored Buddy Rich and his band for a community concert. They participated in both the Olympic College Jazz Festival and the Viking Jazz Festival. At Pasco, the Stage Band placed 4th in a statewide jazz contest.

In addition to staging seasonal concerts, the Concert/Marching Band competed twice, taking 1st place in Long Beach and 2nd place at our own Forest Festival.

Mr. Coy provided large quantities of inspirational, creative, and productive leadership for the High-climber bands.

Shelton Gridders

Finish 5 & 4

#1 Climber first victory was key'd by a last minute effort in the fourth. It came from senior QB. Pat Stark, an 80 yard touch down pass to Duane Baker.

#2 The Climber first loss of the season: The score was 6-2. The Climbers had a drive going late in the fourth period but it was nullified by a interception. Climber "D"

was tough. The T-Birds managed to score up only 1 touchdown.

#3 Game 3 was an interesting game for the High Climbers, led by senior Duane Baker with 3 catches for 84 yards and 2 touchdowns. He also picked off a pass in the romp over Yelm 27 - 0. The Climbers piled up 348 yards total offense.

All State candidate Duane Baker ready for a reception

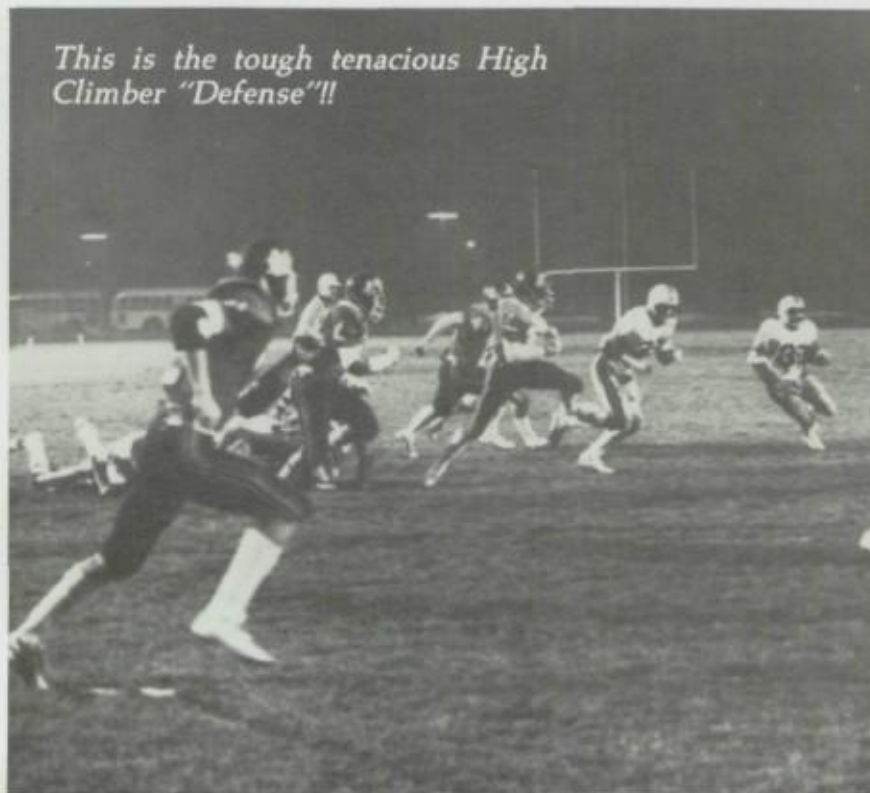

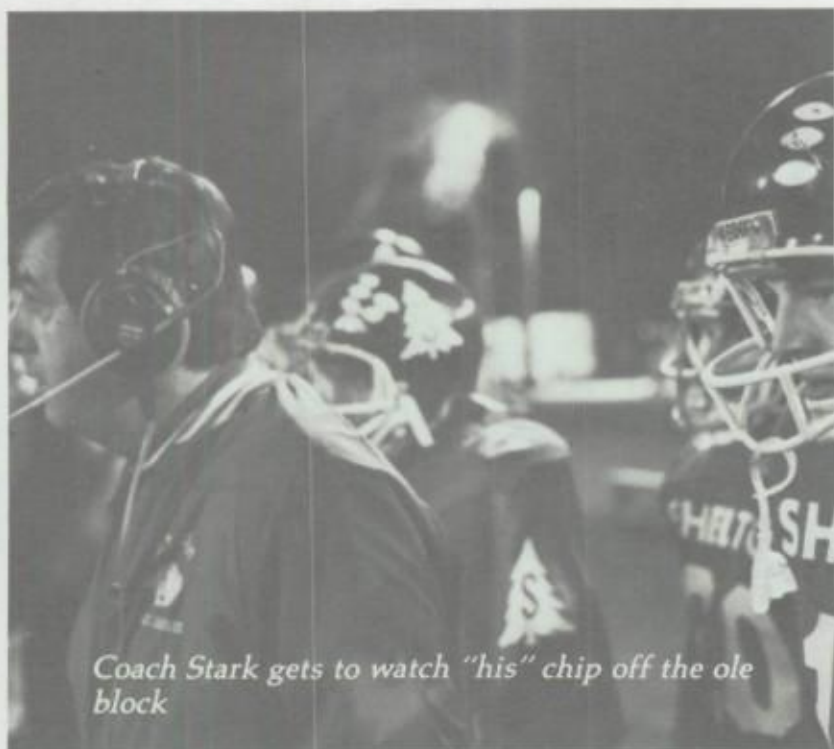

Back Row- Coach Stark, Coach Phillips, B. Strachila, M. Hart, J. Tinnerstet, E. Schoneck, J. Fleming, M. Lund, P. Gopal, R. Zachary, J. Tinnerstet, T. Ahlf, S. Stock, M. Allegri, P. VanCleave, W. Davison, B. Northness, Coach Mckinnon, Coach Starrett, Middle Row- R. Patton, C. Anderson, R. Brown, M. Jones, M. Manu, C. Likes, R. Strutz, J. Fogo, D. Thatcher, R. Littlefield, D. Smith, K. Knoop, T. Arnold, Front Row- M. Soper, D. Nault, B. Dehning, P. Stark, R. Brown, D. Baker, R. Clary, R. Langland, K. Schwerzler, K. Daniels, E. Meyer, Coach White

#4 The Shelton Climbers win a 3rd. The Climbers now 3 - 1 on the season are off to a great start. They clobbered the Timberline Blazers 35-16. This was a complete team victory with everybody contributing much to the offense and defense.

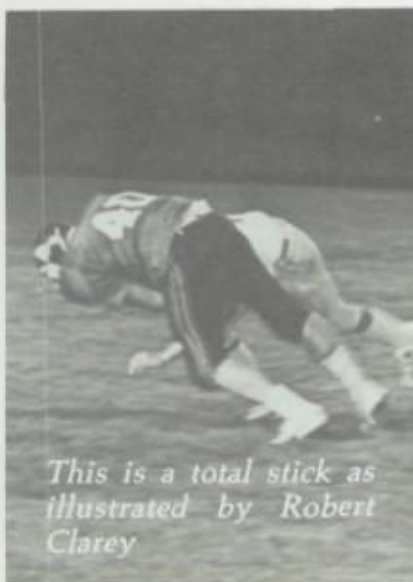

#5 The High Climber "D" keys their fourth victory by beating Capital 10-0. Jr. Curtis Likes galloped for 96 yards in 16 attempts with the only touch down.

This is the tough tenacious High Climber "Defense"!!

Coach Stark gets to watch "his" chip off the ole block

This is a total stick as illustrated by Robert Clarey

#6 Game #6 probably the reason for the final season record of 5-4. This was the key game for the Climbers and it was blown late in the fourth quarter. The Climbers snatched a touchdown by Curtis Likes. The score was 14-13. Then head coach Jack Stark tried to win it with a run up the middle for 2 points which proved to be a wrong move. Needless to say the S.H.S. Climbers were defeated to Hoquiam 14-13. The game had it's exciting moments, though.

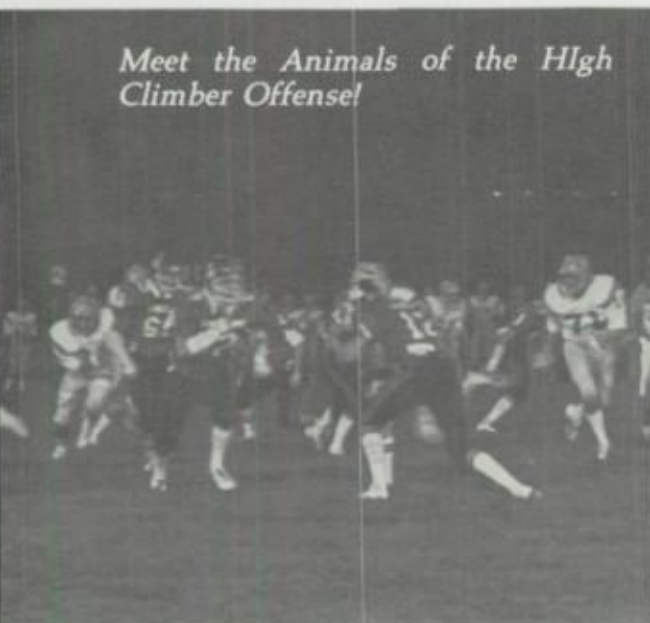

The "Bench" awaiting some varsity action!

#7 The Climbers got blown away in this outing probably due to the loss last week to Hoquiam. It was quite a letdown. The aerial passes by Elma Q.B. Jim Hill appeared to be too much for the High Climbers who were zonked 26-0. Shelton couldn't get much going in this contest. The Climbers dropped to 4-3.

#8 Centered by Duane Baker's last minute 5-yard touch down catch in the 4th quarter proved to be too much for N. Thurston as the Climbers won it 7-0. It was a defensive battle with the Climbers prevailing. Climbers now 5-3.

Meet the Animals of the High Climber Offense!

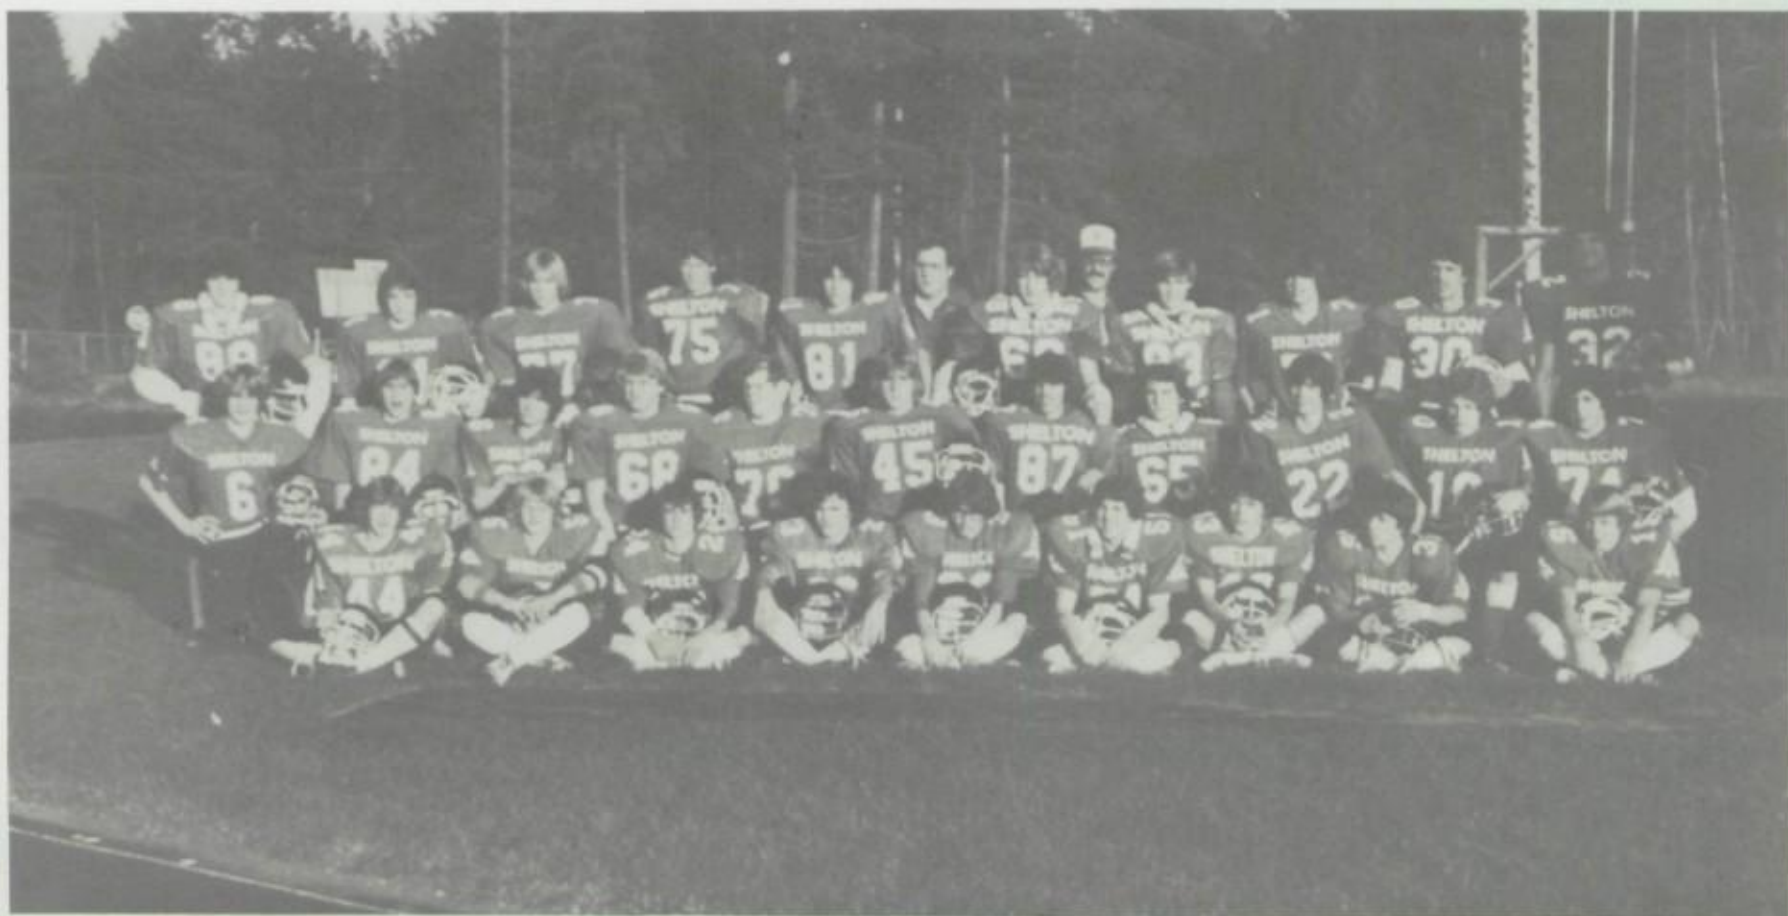

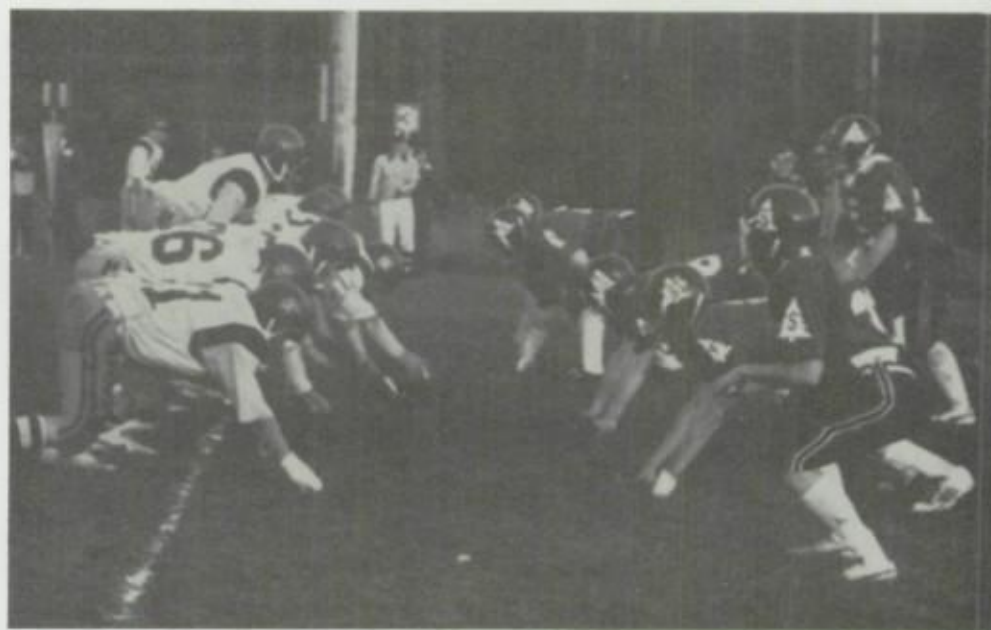

What this picture doesn't reveal is Duane Baker making an interception.

#9 The S.H.S. Climbers wrapped up their 2nd straight winning season although they lost to Oly Bears 27-6 who incidently finished 2nd in state. They weren't blown out like most of the teams were by Olympia. The Climbers finished the year with a very respectable 5-4 record.

J.V. Gridders

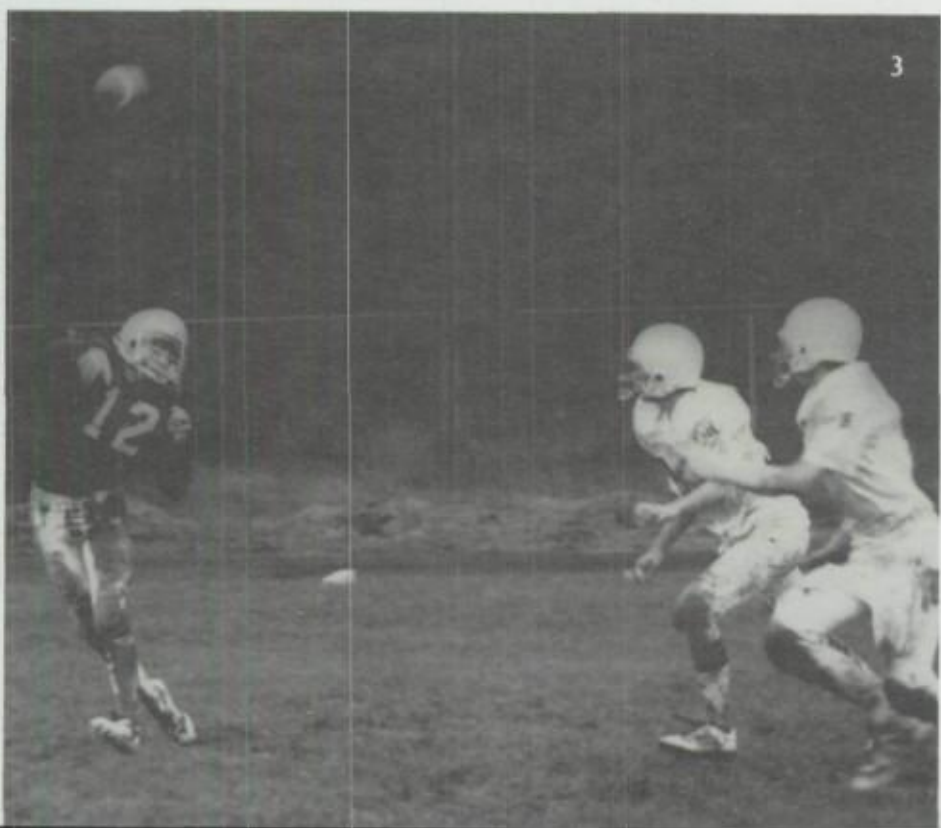

This year's J.V. football looked very promising. They were contenders all year. They had a winning season and look pretty good for next years season. Outstanding performances by Mark Lund, Troy Ahlf and Rob Brown led the team to a overall fine season. The Climbers should be the team to beat next year!!

Frosh: Fumble

The Shelton High School Frosh didn't have one of the best season in the schools history. The team had the talent but just couldn't seem to put it together. They only managed to scrape up one victory all year out of 6 outings. In most of the games they were close though. The frosh however are looking for a better season next year. The team had some bright spots: Chad Miklethun, the Q.B. contributed much with running backs Tom Emanoff and Jim Gillard cleaning up some turf. The team was anchored two great lineman, Bob Beusly and Sonny Cook. We wish the best of luck to them in future years.

Cross Country

The Shelton High Cross Country team completed another year in which they demonstrated pride, determination and improvement.

Our returning letterpersons included Andrew Hinck, Steve Johnson, Jim White, Mark Wheeler, Jim Dean, Cindy Baldwin, and Janet Peterson.

After a slow start the teams (boys-girls), began to come on by mid-season and finished with identical 5-4 league records.

The boys teams continued to show improvement by placing 7th out of 23 teams in the District meet at Longview.

The girls team never realized their true potential due to injuries. They finished 10th out of 15 teams.

WOMEN'S TENNIS

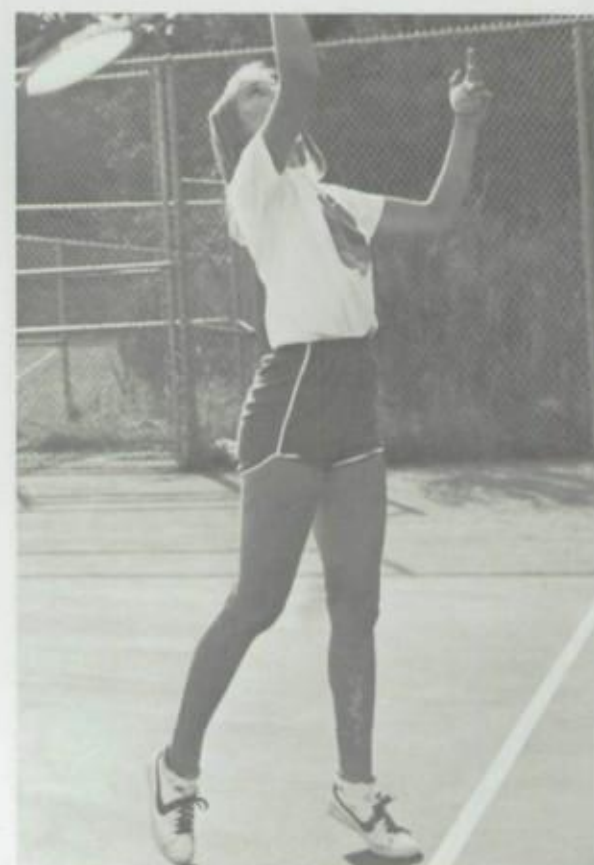

"We've had more rain than tennis," laughed Coach Johnson. Six out of twelve matches were rained out. Although the conditions were miserable, the girls on the team were always enthusiastic, inspirable and determined.

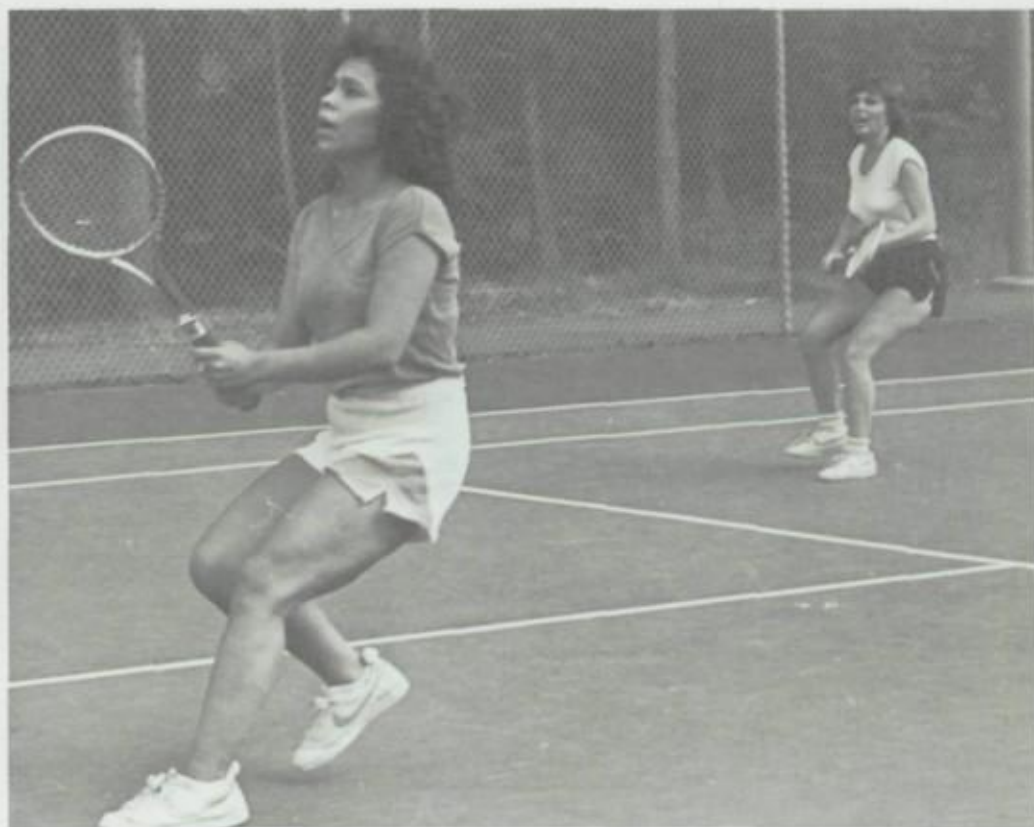

The members learned the aspects of teamwork and responsibility as well as the improvement of their own skills. Many friendships were made and everyone enjoyed the experience.

Shelton won two of six matches. Ironically, the more polished teams were not rained out. This might account for our losses.

In the win-loss column Shelton girls volleyball, unfortunately did not experience much success. Winning only two games, both against Elma, Shelton escaped the bottom of the league. Despite the losses, the season was a success in other areas. Players showed significant improvement in individual skills, and toward the end of the season team offense and defense finally came together. Next year we will have many returning players and look forward to a more victorious season.

Climbers Fall Short

The Climber Hoopsters finished out the season on a sad note. They were hoping for, and had set goals for, the state tourney, but were stopped at district with a loss to Battle Ground. You have to keep in mind that the two top guards were not playing, though! Manu and Brown were both out with injuries. Coach Terry Gregg explained that the Climbers played consistent ball all year, and that is what makes a team. The Cagers finished out the year with a 11-10 record but were much better than this record indicates. The ball could have bounced the other way! And we could of been at state. Bright spots on the Climber roster were one: Sr. Forward Duane Baker. He led the Climbers with 13.9 points per outing and was super strong on the boards. He was also named to the first team of the Black Hills League! Close behind was Sr. Scott Lindgren "the human eraser". He was tough on boards as well as scoring points. Outstanding performances by Jrs. Meleki Manu and Brian Lev kept the Climbers all the time. They will be a great help next year says coach Gregg.

J.V. Looks Promising

The Junior Varsity had an up and down season, however they came away with a winning season under the coaching of Neal White. Their over all record was 11-9. The J.V.'ers have quite a bit of depth, explained coach White. They are a solid team with Curtis Likes and Todd Hansen in the Middle. Rob Brown and Troy Ahlf shared the point spot. Danny Byrne ran the gap spot and did a good job. Next year they expect to be a contender!!

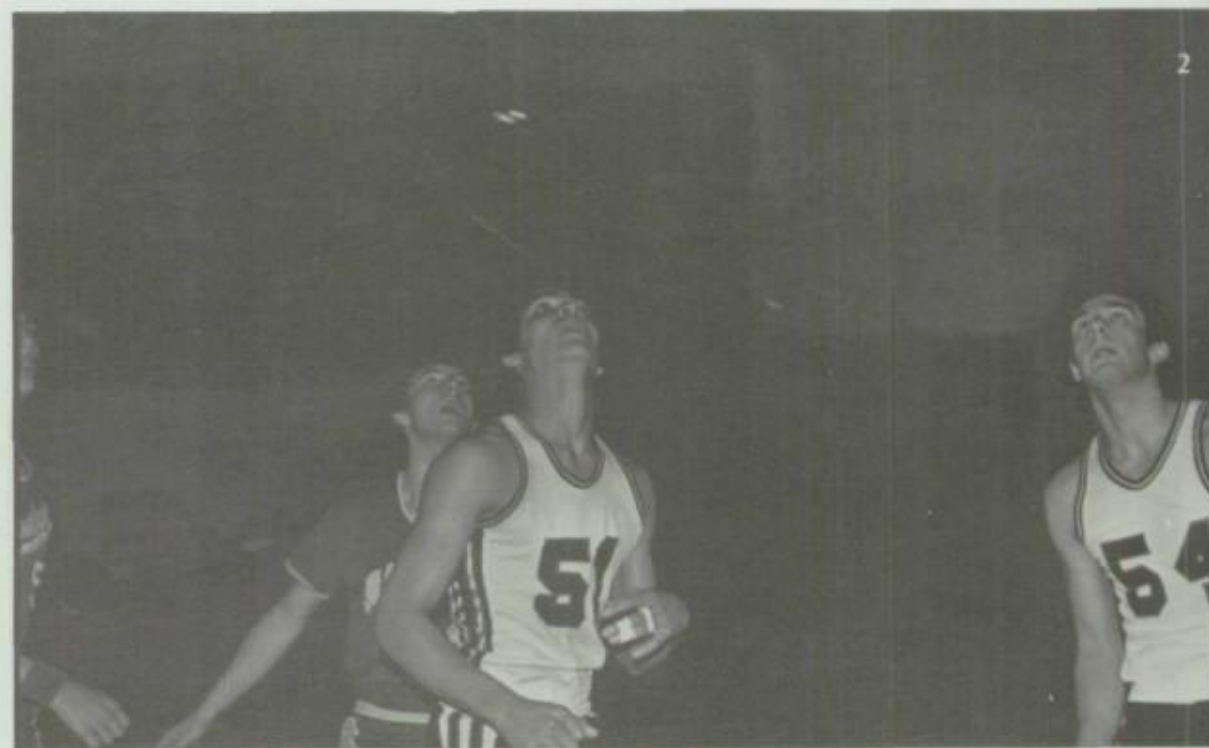

1. Troy Ahlf ready for action!
2. I'm going to kill that guy.
3. That guy's amazing!

Sophs Do It Without Stars

All of the Sophomore teams were very evenly matched as far as talent was concerned. The Shelton Soph's were in every game. It wasn't until the last few of the game that they were slightly out scored and lost the game. During this 81-82 season they had a number of key injuries that hurt them quite a bit. With six games to go they lost two of their starters for the year with badly sprained ankles. The team didn't have any real stars, but have a number who could really develop into super players by their senior years.

Freshmen Basketball Frosh Kick, But Not A Perfect 10-0!!

Coach Buitenveld did an outstanding job with the freshmen basketball team this year. They were all over the place, he explains, hustling and scrapping all season long. They ended up with a very respectable 7-3 record. The team showed an enormous amount of talent for such a young team. Their record of 7-3 could have been 10-0 with a couple of minor exceptions. The games that they lost were all close to the very end. The team was highlighted by five men including guards Kelly Byrne, David Buitenveld and Brian Gregg. The big men Jim Gillard and Scott Craig pulled up the rest of the slack. The Team hopes to put their talent together for an even better year next year and we wish them the best of luck for 1983.

Gymnasts Tumble To State

The Shelton High School Gymnastics team had a very respectable season this year. They didn't reach their goal to be Number 1 in the Black Hills league but finished with a 6-5 over all record. As a team at the district meet at Prairie High in Vancouver, the only members that qualified for state were as follows: Cari Vimont, only a sophomore, went to state on the beam, which has never occurred until this year. Next there was Deanna Ayers on the vault. Here are the gymnasts who went to District: Deanna Ayers on the vault, Sara Lewis for the beam, Traci Shaw for bar, beam and floor, Natalie Sheff for all-around and last of all Cari Vimont for vault, beam, and floor. The Shelton High School would like to congratulate Miss Johnson for being named Coach of the Year!! She did a wonderful job!

This year's leading grapplers of the Shelton Wrestling program were Marty Cook, (lower left), and Jeff Schneider (lower right). Marty's season record was 13-3, placing fourth at District, second at Re-

gionals, and a state participant. Jeff's season record was 11-0, placing second at District, fourth at Regionals as well as a state participant.

B.R.A. Supports Girls

YOU! YOU! YOU! YOU! YOU!

Is this craziness, or does it really mean something? Well, with all due respect, no one actually knows for sure. But this year it was a favorite saying for certain guys on Monday and Thursday nights.

Now, you're probably wondering what went on every week on those memorable evenings. Simple! This is Girls' Basketball, the sport that wowed SHS with its new popularity. Girls' Basketball, under the super coaching of Dann Gagnon, earned a fifth place playoff berth this year. This is the first one had since the sport was founded at Shelton. But why all the attention? Besides the ladies being the best they've ever managed, the attendance was up considerably, compared to recent years. The B.R.A. was a real supporter there.

Climber Sherelle York stated; "It gives us a strong sense of unity, a chance to get together and work for something." And work they did. With five practices a week, excluding game days, they played 18 league games. They lost to Centralia in the playoffs in their first match. However, not without a fight. Counting their two practice games, the team record for the year rounds out to 12/20. Not bad.

The 1981-82 Boy's swimming team went beyond most peoples expectations this year. Their dual meet record was 3-5 yet could have been much better except for some very close meets. Leading the way this year were seniors Jamie Petraitis, Mike Sloan, Gary Laubach, and Eric Langdon. Shelton ended up 24th at state with Jamie Petraitis placing 4th in the diving. Hoping for even better years to come are Steve Kamin, Chris Drebis, Tony Norris, Jay Gilles, Andy Hinch, Pat Wheeler, John Coker, Ralph Mix, and Mitch Townhead.

This year was a disappointing year for the High Climber soccer team. Last year the team had great success winning every game and tying two of them. They graduated a few good players and the team was not left with much strength. So you might call this year a building year. The team only managed to win one game out of many outings, but it could have been different. They were close in almost every game. Usually they lost by only a single goal. The team was highlighted by junior Mike Jones and Jose Villabaso of Spain. The team is looking forward to next year. We wish them luck.

The Climber golf team also included lettermen Chip Brush (Early Graduate, 3 varsity letters). Seniors: Rob Wotton, Stormy Hawk, and Brent Dehning. None-letter winners included: Sophomores, Brian Gearhardt, John Lewis, Darryl Tidd, Clint Randall, and Jeff Knudson. Freshmen: Scott Brown, Mark Stevens.

Respectable Showing

Climber Tennisians Net 5 Wins, 9 Losses

The 1981-82 Shelton High School tennis team made a respectable showing this year. They obtained a conference record of 4 wins and 5 losses in the Black Hills League which happens to be one of the toughest AA districts in the state. The tennis team's overall record was 5 wins and 9 losses, this included competition with AAA schools. The Team consisted of 2 freshman, 5 sophomores, 2 juniors and 5 seniors. There will be 9 returning members next year.

There were 3 members of the team that were chosen to receive awards. The awards and their winners are as follows: Most Outstanding Scott Giest-senior, Most Improved Steve White-junior, Inspirational Barry Henderson-freshmen, Most Likely to beat Bjorn Borg-Joe Evankovich. Senior Scott Giest was in the number one singles position all year. He finished off his Climber career as the only non-Olympia area player that qualified for the district tournament.

Cheerleaders

*This year's Pep Staff was an excellent one! One reason could be that many of the girls had been cheerleaders in the past and thus had a lot of experience. One such girl is senior Lisa Vorse. Not only has she been a cheerleader before, but also holds the honor of being the **first** girl to be elected cheerleader in all four years of highschool.*

The Pep Staff had a new advisor this year. Her name is Lori Kenney. She was really helpful to the girls and did a good job, especially since it was her first year.

A Festival Event

The 38th annual Paul Bunyan Grande Parade marched to a new beat this year with a later 5p.m. time setting. Railroad Avenue was the place to be.

The annual event was entered by more than 100 participants. Bands and drill teams streamed down the avenue, blaring out foot-stomping tunes. The Queen's float, rode proudly by the Forest Festival Queen Molly Eveleth, glided gracefully in front of the crowds. John Archer's Paul Bunyan portrayal was a grande spectacle as he towered above the shiny log truck. Paul Barger paraded as Smokey the Bear.

Other entrants included numerous Shelton business representatives, horses, local clubs, and school floats. Shelton High's own band was one of the winners by placing second and the SHS drill team accomplished third.

Overall, Shelton's acceptance of an evening parade began a new tradition for the Forest Festival celebration. Who knows what is in store for next year. Be there and be sure.
